Presentation Tips:

- **Use your phone** (not your computer) for audio during the webinar.
 - You will have best results for communication between the presenter and other attendees when using the phone to call into the webinar.
 - Be sure to **select the “Phone Call” option** when you log in. If you call in but don’t select this option and you have the “Computer audio” selected your audio will not be clear and may cause echoes.
- Attendees **MUST** enter the **audio ID** that is provided when they first login.
 - This audio ID will be displayed after you click the “Join” the webinar and are logged in.
- Attendees should remain **muted when not speaking**.
 - **To be recognized during the roundtable use the “raised hand” icon.**
 - This will be accessible once you open the participant section.
- Complete the **4 polling questions and the survey**.
 - Dialog may not stop for the polling questions. Please respond even if the speaker does not address the question.
 - For the roundtable the survey will be sent to your e-mail once the presentation is over. **Just remember the CPE will not be awarded until the survey is completed.**
