

Greetings,

ACUA is creating its first association wide mentoring program. The initial emphasis is for smaller audit functions with the possibility of expansion of the program to a larger variety of participants at some point in the future.

Below are links to two surveys. The first survey is for small audit function members requesting a mentor. The second survey is for any interested member from any size-shop to act as a mentor (providing guidance and advice) for the small audit shop member.

Become a mentor: <https://www.surveymonkey.com/r/TQ8J8T9>

Request a mentor: <https://www.surveymonkey.com/r/TSTBQDW>

Both surveys are brief and will take no longer than five minutes to complete.

Please answer the questions to the best of your ability as the responses will be used to match mentors and mentees.

Lisa Gaetano is the coordinator for this new ACUA initiative. Please contact Lisa if you have any questions regarding either survey, expectations, or any other questions you have.
